(prices subject to change without notice)

To Our Valued Customers

This price book covers the vehicles for which we supply a range of ARB manufactured products which includes our bull bars.

There are vehicles for which, whilst we have not as yet developed a bull bar, we still have a large range of accessories available such as lights, side steps, tow bars, Air Lockers, snorkels etc.

We are continually sourcing and designing new products to add to our range, so if your vehicle or a particular accessory is not listed here please enquire with one of our sales staff... we may have just what you're after.

Please note that whilst every effort is made to ensure the information contained in this book is accurate, ARB reserves the right to amend printing errors or incorrect information. ARB also reserves the right to change prices without notification.

(E & OE) Errors and Omissions Excepted. This price and application list is lovingly crafted by a dedicated team of specialists however, due to the complex nature of this price and application list inevitably human errors will occur therefore we reserve the right to correct any genuine errors, application errors and related issues. We will always be fair and reasonable if this results in a problem.

Vehicle Compatibility

Please note that information contained in this guide is based on manufacturers' specifications at the time of print. Changes to vehicles or products may occur after this time that may render a certain accessory unsuitable for a particular application.

Vehicle model dates contained in this guide are indicative, so please exercise caution when ordering accessories if your vehicle's build date falls close to a model change date. If in doubt, please consult your ARB distributor, who can assist with determining the correct products for a particular vehicle.

The products detailed in this guide are fully compatible with air bag systems (when fitted), unless otherwise stated. For information on the technology behind our products, and how air bag compatibility is achieved please refer to the ARB catalogue.

Removal Of Parts From Your Vehicle

Please note that in some cases, it may be necessary to remove parts from your vehicle in order to carry out the fitment of replacement parts and accessories.

In most cases, removal of these parts unavoidably destroys them and renders them unsuitable for re-use.

Original parts removed from your vehicle to allow for installation of replacement parts and accessories are disposed of on the same day as installation.

We are sorry but we are unable to store such parts on your behalf. If you wish to retain these parts, please inform us prior to the commencement of any work being carried out on your vehicle.

Please bear in mind that in most cases the removed parts are not suitable for transport inside your vehicle due to their size, nature and condition. Their loading and transport will be your responsibility in such circumstances.

FREIGHT CHARGES

Prices shown in this book do not include any allowance for the cost of freight. In some states, territories and rural areas some additional freight costs can be expected.

GST

Prices shown in this book are inclusive of GST.

FITTING CHARGES

Fitting charges listed in this book are based on installation of accessories on brand new, unmodified vehicles using standard ARB supplied components such as switches and brackets etc.

Installation in older vehicles and/or vehicles with other aftermarket accessories, conversions or modifications which require additional fitment labour will incur additional charges.

Fitting charges are only applicable when the product is purchased and fitted at the same location and time. Fitting of any customer supplied product is chargeable on an hourly rate basis.

We suggest you discuss any such issues with our sales staff when placing your order.

COLOUR CO-ORDINATION CHARGES

All ARB manufactured Protection Equipment is finished to the highest standard.

Once fully assembled our Protection Equipment is shot blasted, chemical pre-treated and phosphate washed then oven dried before a specially formulated, hard wearing, polyester powder is electrostatically sprayed and subsequently oven baked.

However, the choice is yours. If you would prefer to have the accessories coloured, a high quality automotive refinishing two-pack paint system is applied on top of the powder coat after it has been hand prepared by our expert staff, giving the accessories a very high quality, gloss finish. It is preparation such as this which will ensure our Protection Equipment will retain its visual appeal on your vehicle for many years.

Note: ARB Commercial Protection equipment is not designed to be colour coded and we do not recommend it.

ARB Canopies featuring a grained exterior come in a natural white finish. Colour coding is optional on these models. Smooth exterior canopies including Ascent, Classic, Classic Plus and Sport Lids must be colour coded.

For colour coded products, ARB utilises one of the finest paint systems available. However, with modern colours, and bearing in mind we are working to a colour code formula supplied by the paint company, due to possible variations in factory applied paint colours on your vehicle, we are unable to guarantee a 100% match. Please check with our sales staff. For some vehicle models we may recommend a contrast colour be supplied.

*Colour Co-ordination of Kaymar products is only available for their Rear Step Tow Bars. Rear Wheel and Jerry Can Carriers for rear step tow bars and for standard bumpers are only available in the standard Kaymar finish.

Wherever possible we aim to provide a fixed price installation cost, however certain accessories may require additional labour. Winch R&R charges or accessory installation in vehicles with other aftermarket accessories, conversions or modifications, which require additional fitment labour will incur additional charges at the current hourly labour rate. Fitting of any customer supplied product is chargeable on an hourly rate basis. Consult your ARB workshop for vehicle specific installation requirements.

⁴ RFFKADP is not recommended for use with the ARB Elements fridge due to insufficient ventilation with the RFFKADP adaptor only.			
⁵ Compatible with ARB Outback Solutions drawer systems and 4WD Interior drawer systems only.			
⁶ RFFKADP adaptors may need carpet removed to suit RFH drawer height. See instructions.			
⁷ CERDRFH1355/CERDRFRFH1355 panels required to cover metal surface revealed with RFH & RD/RDRF height difference, only required when RFH & RD/RDRF drawers installed side by side.

¹⁰RFFKADP adaptors may need carpet removed to suit RFH drawer height. See instructions.

¹¹CERDRFH1045 panel required to cover metal surface revealed with RFH & RD height difference, only required when RFH & RD drawers installed side by side.

⁵Incompatible with Roller Floor Roller Drawer (RDRF) applications.

⁶When mounting a RF roller floor with adaptor it is recommended that the fridge be mounted on the passenger side of the vehicle to allow east-west airflow for the compressor.

⁷Ventilation holes should be opened/cut on the side floor kit to allow compressor ventilation.

⁸RFFKADP is not recommended for use with the ARB Elements fridge due to insufficient ventilation with the RFFKADP adaptor only.

⁹Compatible with ARB Outback Solutions drawer systems and 4WD Interior drawer systems only.

¹⁰RFFKADP adaptors may need carpet removed to suit RFH drawer height. See instructions.

¹¹CERDRFH1045 panel required to cover metal surface revealed with RFH & RD height difference, only required when RFH & RD drawers installed side by side.

Hard wiring of additional electrical options, where available, by a registered electrician will be required.			
² Clearview towing mirrors might negate the use of Quarter Port Window on the 78 Series Models that have these.			
³ Models without strap mirror, 70 Series Troop Carrier and Wagon, may require additional drilling into the vehicle's door for fitment of Clearview mirrors. Should this procedure be unacceptable Clearview mirrors should not be optioned.			
⁴ 2016 On LandCruisers will accept the towing mirror base however fitment may necessitate additional drilling.			
⁵ On indicator option, hard wiring of indicators by a registered electrician will be required.

Hard wiring of additional electrical options, where available, by a registered electrician will be required.

²Clearview towing mirrors might negate the use of Quarter Port Window on the 78 Series Models that have these.

³Models without strap mirror, 70 Series Troop Carrier and Wagon, may require additional drilling into the vehicle's door for fitment of Clearview mirrors. Should this procedure be unacceptable Clearview mirrors should not be optioned.

NOTES

⁹In addition to the lighting options listed in the ARB and IPF sections below, other options include ARB Intensity AR40 range⁷, Bushranger Night Hawk NHP180S 180mm round/NHP180F 48W LED flood beam/NHS055-NHS245 5.5 inch to 24.5 inch light bars, IPF800/900/900 Xtreme LED sports/868/968 series and 930 Super Rally lights.

¹⁰Where Toyota Safety Sense+ is present it is **important** to note that purchasers installing items in front of the Toyota badge risk interference with the Toyota Safety Sense+ radar when items are mounted higher than 130mm over the accessory bracket. This risk will also apply to the installation of lights on the accessory bracket.

¹¹Driving light function can be installed on all variants with additional wiring.^{4,5,6}

¹²Suits Warn Zeon¹⁴ 8/8-S/10/10-S/Platinum 10/10-S, Magnum 10lb, Warn M8000/XD9000/XP9.5/XDC9.5, Bushranger DV-9TH/DS-9.5TH/SEAL9.5TH/Revo 10lb, Smittybilt X20⁴ 10lb winches.^{8,10,13,15,16}

¹³(Winch bar only) Where winch control box is fitted to the Driving Light Mount Bracket, the variety of light choices will be restricted and will not facilitate the fitment of any light bar options.

¹⁴Additional fitting kits and relocation kits are required see Winch Installation Kits located in the Warn & Magnum/Bushranger Winches section below.

¹⁵Accessory bracket supplied mounts to the bar in front of the grille where winch control box can be fitted on the bracket between spotlights.

Installation of Smittybilt winch requires additional holes in the accessory bracket to facilitate the control box.

¹⁶Winches with synthetic rope may require (3500600) Hawse Fairlead Spacer Kit or alternative Hawse due to Hawse design. See Winch Installation Kits located in the Warn & Magnum/Bushranger Electric Winches section below.

¹⁷It is recommended that only Black Antennas be used on vehicles with LDA present.

This does not affect the headlight performance or compliance with ADRs. ARB recommends fitting the Sahara style bar to VX, ZR and Kakadu Models. ZR and Kakadu Models can also have an optional centre grille located camera. Vision from this camera will unavoidably be obstructed in some cases where bars and accessories are installed. The radar anti collision system option in Kakadu and ZR is also located in the grille badge. Structures forward of this device may affect the operation of this device.

Customer Supply Terms

The purpose of these terms are to outline the basis that ARB supplies goods (and services) to you. Please read and understand these terms carefully before signing the acknowledgement and agreement.

1. Orders

- (a) An order is formed when ARB notifies you (in writing) that it accepts your offer to buy goods or issues an invoice to you.
- (b) ARB may issue a quotation for the supply of goods or offer goods to sell. However, any quotation or offer is not binding on ARB and you have no claim against ARB for ARB failing to supply the goods in accordance with the quotation or offer.
- (c) You may only vary or cancel an order if expressly agreed to by ARB. ARB can't agree to vary or cancel an order in respect of goods that are made-to-order or customised.

2. Price

- (a) Except if expressly stated otherwise, the price (and any other amount payable under these terms) excludes GST and excludes any delivery, which is at your cost and risk.
- (b) The price is fixed on formation of an order in accordance with clause 1(a), and may vary from a quotation issued by ARB.

3. Payment

- (a) If you have an approved trading account with ARB, you must pay for the goods within the payment period expressly agreed to by ARB.
- (b) If you don't have an approved trading account with ARB, you must pay for the goods at the time the goods are supplied by ARB. ARB may detain your vehicle until all outstanding amounts due and owing to ARB are paid in full.
- (c) If you pay for the goods by credit card, ARB may charge an additional fee representing the transactional cost to ARB.

4. Default

- (a) If you fail to pay an amount due and owing to ARB on the due date for payment, ARB may charge interest on the outstanding amount at the penalty rate fixed under section 2 of the Penalty Interest Rates Act 1983 (<https://www.netlaw.com.au/calculate.aspx>) calculated per month (pro-rated) and the interest is added to the outstanding amount on the first day of each month until the outstanding amount is paid in full.
- (b) If you have an approved trading account with ARB and are in default under these terms, all monies payable by you to ARB become immediately due and owing.
- (c) If you are in default under these terms, in addition to the amount due and owing, ARB may claim all costs associated with collection of that amount, including legal and debt collection fees.

5. Despatch or collection

- (a) ARB may notify you of dates and times for despatch or collection of the goods. However, any notified despatch or collection date or time is not binding on ARB and you have no claim against ARB for ARB failing to despatch or make available for collection the goods on the notified time and date.
- (b) The bill of lading or carrier's receipt in respect of despatch and delivery of the goods is prima facie evidence of your receipt of the goods.
- (c) Upon receipt of the goods, you must immediately inspect the goods to confirm that the goods accord with the order. Within 7 days after receipt of the goods, you must notify ARB (in writing) of any claims for short or wrong delivery or for any breach of these terms.
